

## WHAT IS CLAIMED IS:

- 1           1.     An apparatus for facilitating child discipline using positive communication  
2 with a child, the apparatus comprising:  
3                 a plurality of discipline condition indicators that facilitate disciplinary  
4 activity; and  
5                 a storage location for the plurality of discipline condition indicators.
- 1           2.     The apparatus of claim 1, wherein the plurality of discipline condition  
2 indicators comprise a stop flag, a think flag, and a go flag.
- 1           3.     The apparatus of claim 2, wherein the stop flag includes a red color, the  
2 think flag includes a yellow color, and the go flag includes a green color.
- 1           4.     The apparatus of claim 1, further comprising a number of ties that secure  
2 the apparatus to a seating unit.
- 1           5.     The apparatus of claim 4, wherein the seating unit is a chair.
- 1           6.     The apparatus of claim 4, wherein the seating unit is a stool.
- 1           7.     The apparatus of claim 1, wherein the storage location is located on an  
2 inflatable chair.
- 1           8.     The apparatus of claim 1, wherein the storage location comprises a  
2 plurality of pockets included in a kit for assembling the apparatus.
- 1           9.     The apparatus of claim 1, further comprising a electronic apparatus  
2 coupled to the storage location, the electronic apparatus having sounds programmed  
3 therein that facilitate a disciplinary process.
- 1           10.    The apparatus of claim 1, wherein the storage location comprises a  
2 plurality of pockets located on a chair cover.

1           11.    A system for facilitating child discipline using positive communication with  
2 a child, the system comprising:

3                   a plurality of flags representing discipline state conditions, the plurality of  
4 flags including a red flag, a yellow flag, and a green flag;

5                   a plurality of pockets corresponding to the plurality of flags, the plurality of  
6 pockets providing storage locations for the plurality of flags; and

7                   a means for securing the plurality of pockets to a seating apparatus.

1           12.    The system of claim 11, wherein the means for securing the plurality of  
2 pockets to a seating apparatus comprises ties connected to a seating apparatus cover  
3 that secures the seating apparatus cover having the plurality of pockets to the seating  
4 apparatus.

1           13.    The system of claim 11, wherein the seating apparatus is a chair.

1           14.    The system of claim 11, further comprising a pocket providing a storage  
2 location for help cards having discipline suggestions.

1           15.    The system of claim 11, further comprising a pocket providing a storage  
2 location for a music compact disc having music that facilitates disciplinary activity.

1           16.    The system of claim 11, wherein the means for securing the plurality of  
2 pockets to a seating apparatus comprises an adhesive securing the plurality of pockets  
3 to an inflatable chair.

1           17.    A chair cover for use in a disciplinary session, the chair cover comprising:  
2                   a plurality of pockets; and  
3                   a plurality of flags that are placed in the plurality of pockets, the plurality of  
4 flags being removed one at a time during the disciplinary session.

1           18.    The chair cover of claim 17, wherein plurality of flags comprise a red flag,  
2 yellow flag, and green flag.

1           19.    The chair cover of claim 17, further comprising ties that secure the chair  
2 cover to a seating apparatus.

1           20.    The chair cover of claim 17, further comprising an electronic apparatus  
2    containing sounds that can be used in the disciplinary session.
